## **Jump Into the New Microsoft Office 2010**

Have you seen the [new Microsoft Office 2010](#)? Did you know that you can reduce costs in your organization and increase productivity by leveraging the Office platform in which you are already invested?

Office is more than just Word and Excel. It is a platform upon which you can build. In this session, we will show you:

- Sneak peek at Office 2010 (Note: Attendees will need to sign a Non-Disclosure Agreement (NDA) because of the nature of the content.)
- How the Office System can reduce costs in your organization
- How the Office System can improve efficiencies and processes which can lead to increased revenue
- New delivery choices through Microsoft's Cloud Based Services

Please make plans to join Microsoft and NSPI on Thursday, September 24 in Atlanta at the First City Club. Take advantage of this opportunity to hear real world examples of these platforms, meet your local NSPI and Microsoft representatives and network with your peers.
